Registering for DBEs: Best Practices

- Take your DBEs when they are scheduled. (Taking them later or earlier may result in extra fees.)
- Register as soon as you can. (The earlier you do, the more options you'll have.)
- Register before the last day to add (Monday, September 08).
- Take 2 or 3 LL DBEs before taking your UL DBEs.
- If the DBE you want is full or restricted, self-register in a different DBE – even if it is not your preferred course, day/time, or mode of delivery. (This way, you will stay on track.)
- Come to the FLAS Office (MED Building 3rd Floor) if you need help finding an available DBE. (We can't overenroll courses or override restrictions, but we can show you how to find unrestricted DBEs that still have seats.)
